

# BRAILLO ● 650 SF2

The only true production braille embosser for automated book creation

The Braillo 650 SF2 braille embosser employs a paper cutter for four page-per-sheet (magazine/newspaper) format. This is the fastest (1,950 pages per hour) and easiest way to create a complete braille book or magazine – simply send the document to the embosser and a finished book will come out. Using paper rolls helps to save money on paper expenses and eliminates the need for a forms burster and it's operator.

## Feature Highlights:

### Braillo Stands Behind Our Embossers

Since 1980, Braillo has been solely focused on engineering the finest production braille embossers. Braillo embossers produce high quality braille, both quickly and reliably, over long durations of time. Braillo combines industry-leading translation software, a 4 year warranty and the highest quality braille paper with its true production braille embossers. When you purchase a Braillo embosser, you are investing in a machine that will produce braille documents, books and magazines for decades on end, no other manufacturer can make this claim.

#### BRAILLO WARRANTIES

Braillo offers the industry's most comprehensive warranty. Our standard warranty covers any defective mechanical and electrical component from the date of delivery throughout the first 3 years, or up to 8,000 hours (up to 15,600,000 braille pages).

Braillo provides an additional 1 year of warranty by using Braillo/American Thermoform braille paper with your embosser, bringing the warranty to 4 years, or up to 10,700 hours (20,800,000 braille pages).

Braillo stands behind our braille embossers - no matter what.

#### SERVICE SUPPORT

Braillo is always here to support your investment with in-person, phone and online support. We also offer training classes, instructional videos, on-site and/or in-house service options. There are choices available to every Braillo customer.
